

N2 (UK) Ltd

Veterinary Supplies

COVID-19 Update January 2021

Following government guidance, we remain open to supply products to our Veterinary customers.

We have reinstated a split shift for our employees as we did in the first UK full lockdown. This extra measure is to reduce social contact while continuing to offer our excellent service.

We thank our customers for their continued support during this difficult time and huge thank you to our staff that make this service possible.

Neil Walters (CEO)
